

Prince William Water Invites You to Participate

THE WATER ACADEMY 2026

Your Water • Your Environment • Your Knowledge

The countdown is on for Prince William Water's Water Academy 2026!

This award-winning, three-session educational program is perfect for adults and rising high school seniors who live or work in Prince William County and are curious about what it takes to get water from its source to the tap and back again.

Participants will have the opportunity to learn all about the water and wastewater industry from experts in the field, get a behind the scenes tour of the H.L. Mooney Advanced Water Reclamation Facility and meet some of the people who keep everything flowing smoothly.

Prince William County school teachers are eligible for Continuing Education Credits upon completion of the Water Academy.

Dinner is provided starting at 4:30 p.m. and presentations and activities take place from 5 p.m. to approximately 7:30 p.m.

The program is free, but space is limited, so register today!
